**PROPOSAL  
FOR THE  
MODIFICATION OF  
CLIPS**

**30 April 1959**

111111

At the request of the Project Officer, this company proposes to make available its facilities and personnel for the modification of [REDACTED] items. Initially, two sets of two different designs will be modified in accordance with instructions already received. After these items have been delivered and found to be satisfactory, other similar items of varying design will be modified. In order to help perfect the modification to a fine degree, the Project Officer will supply certain physical measurements when they become available. Upon receipt of the latter information, an attempt will be made to modify [REDACTED] A prototype of this item will be submitted for evaluation before continuing along this line.

25X1

In view of the sensitivity of these items, the work will be performed in our high security machine shop and only the one man performing the modification will have access to the shop.

It is suggested that this proposal be written to cover a six months' working period. Routine monthly progress reports will be supplied in addition to a final technical report complete with photos.
